A SMOOTH FOLD BELONGS TO THE ATTRACTING SET

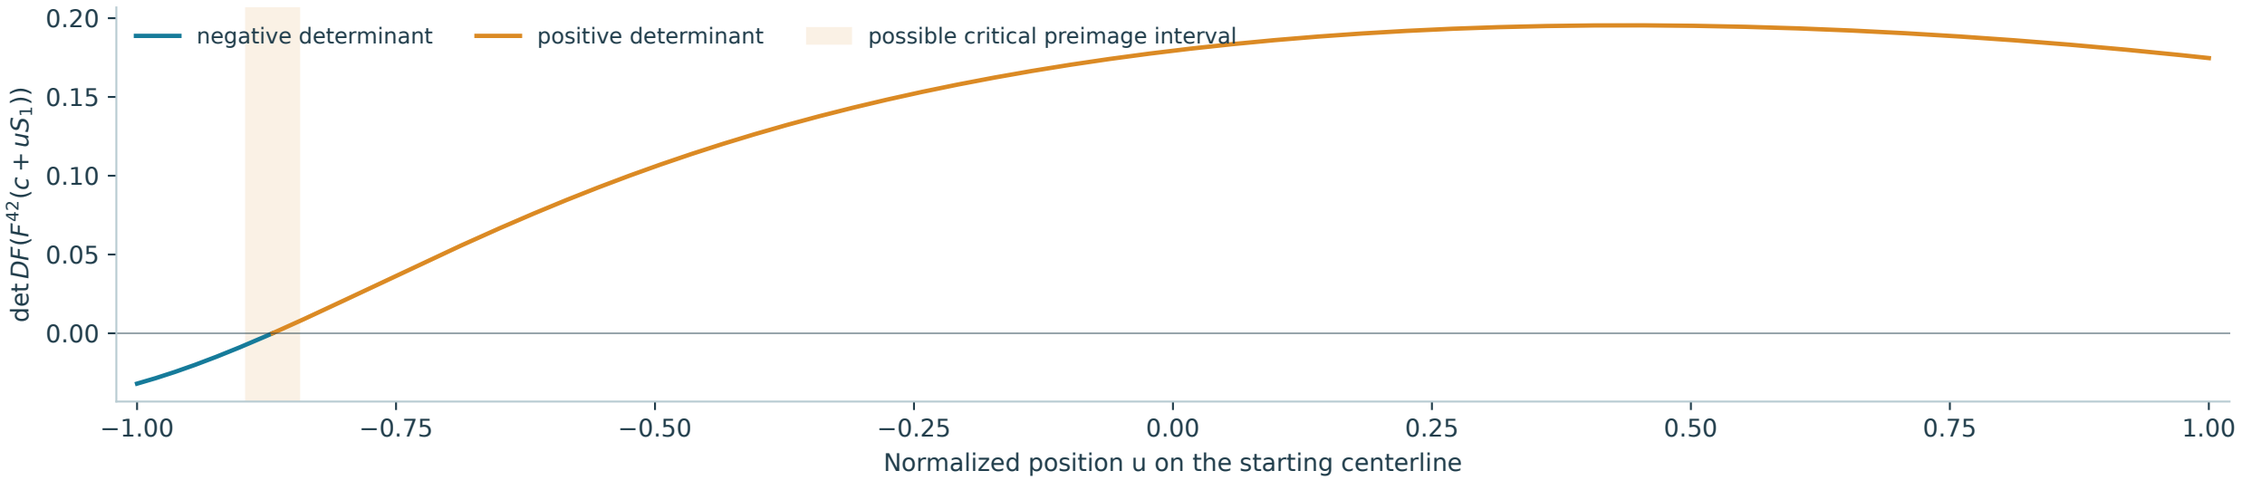

Whole-face interval signs force a critical point in K; the full window-image audit certifies its fold type.

WHOLE NUMERICAL CLOUD

BOX CONTAINING A PROVED FOLD OF K

Colored points: numerical images of 8,193 centerline starts after 42 steps, a guide not certified to lie in K.

Wire box: hull of all critical-capable image enclosures. At least one fold of K lies inside; its exact point is not located.
